

SIYAM VIJAYARAJ

Software Engineer

+94 76 849 551 | vijayarajsiyam01@gmail.com | LinkedIn | Colombo, WP

SUMMARY

Driven software engineering student with a strong passion for problem-solving and continuous learning. Eager to contribute to impactful projects, collaborate with professionals, and deliver successful outcomes.

EXPERIENCE

Software Engineering Intern

Techorin

- 03/2025 - 09/2025 | Colombo, Sri Lanka
- Contributed to both backend and frontend development of dynamic web applications.
 - Collaborated within an Agile team to debug, test, and deploy features efficiently.
 - Gained practical experience in full-stack development while strengthening problem-solving skills.

Data Analyst

Survey Research Lanka

- 2023 - 2025 | Colombo, Sri Lanka
- Improved data accuracy by {15%} by meticulously reviewing and verifying records.

PROJECTS

Meals Forecast

- https://github.com/Siyam24/Meals-Forecast.git
- Final Year Research Project (2025)
- Developed a food sales forecasting system for small shops in Sri Lanka.
 - Implemented time series forecasting with Prophet for weekly, monthly, and event-driven predictions.
 - Built a full-stack web app (React, Flask, PostgreSQL) with dashboards, a calendar, and admin features.
 - Improved demand planning, reduced wastage, and supported business decision-making.

Gold Management System

- https://github.com/Siyam24/inov8IT.git
- Academic Project at Inov8IT
- Collaborated with the Inov8IT team to develop a comprehensive system for efficiently tracking and managing gold assets.
 - Features included inventory management, transaction tracking, and real-time reporting.
 - Implemented secure, scalable architecture to support future growth.
 - Utilized Trello to manage our project within our team.
 - Technologies used: **Java, JavaFX, MySQL, Postman, Trello.**

EDUCATION

B.Sc. (Hons) in Software Engineering

- University of Bedfordshire
- 09/2024 - 05/2025
- Achieved First Class Honours

Higher National Diploma

- SLIIT City Uni
- 09/2022 - 09/2024
- Dean's List** - Recognized for outstanding academic excellence in the 2nd Year 2nd Semester of 2024.

High School Diploma

- Hartley College
- 2012 - 2020
- GCE Ordinary Level – 2017
 - GCE Advanced Level – 2020 (Physical Science)

SKILLS

Technical Skills

- Java
- Python
- Flask
- JavaScript
- React
- NodeJS
- SQL
- PostgreSQL
- MongoDB
- R
- Firebase
- Figma
- Git
- GitHub
- Trello

Soft Skills

- Problem Solving
- Analytical Thinking
- Adaptability
- Teamwork
- Time Management
- Agile

AWARDS

-  **Dean's List Award - SLIIT CITY UNI**

CERTIFICATION

- Computer Application Assistant Course
- Zonal Education Department

PROJECTS

Virtuvibe Academy Music Class Management Website

🔗 <https://github.com/Siyam24/Virtuvibe-Academy-Music-Class-Management-Website.git>

Academic Individual Project

- Developed a management website for a music academy to manage students, teachers, and calendar events.
- Integrated dark and light modes to improve user experience.
- Conducted thorough testing using Postman to ensure the reliability of API endpoints.
- Technologies used: **React, Java Spring Boot, MySQL Workbench, Postman.**

Administrative Software

🔗 <https://github.com/G-Kavinesh/myShare.git>

Academic Group Project

- Developed a complete administrative software designed to automate processes such as generating invoices, printing receipts, and user enrollment.
- Worked as part of a team of eight members.
- Technologies used: **Java, Java Swing, OOP.**

E-Mart Grocery Mobile Application

🔗 <https://github.com/Siyam24/E-Mart-Grocery-Mobile-Application.git>

Academic Group Project

- Developed a mobile application to streamline grocery shopping with features like product search and cart management.
- Implemented a user-friendly interface with smooth navigation and accessibility features.
- Technologies Used: **Java, Firebase, Figma, Android Studio, Maven**
